

Claims

[c1] What we claim as our invention is: *Bit Buddy*, a method of securing drill bits to your wrist by wrapping a reusable velcro strap around your wrist. The Bit Buddy measures 1 inch wide, with a length of 10inches, in which excess length can be measured and cut to make a shorter, customized-length strip to fit your wrist size, in a solid color. The drill bit holders are round, 1 inch wide and app. $\frac{1}{4}$ inch apart with 6 holding pockets on each wrist strip, and made of elastic.
